Singing glory to the blue
Singing glory to the white
For we know our dear old high school
Is forever in the right.
Down the corridor of years
We'll forget our joys and tears
LaVernia High School
We do honor you!

Senior Class '65

Annual Staff

SUPERINTENDENT'S

MESSAGE

JEROME J. ROHAN
Superintendent

I wish to commend the Sponsors and the Staff on their efforts to again publish an Annual we can all be proud of. I also want to commend the entire Faculty and Student Body for providing excellent material for publication.

In my estimation the Annual is to depict activities of the LaVernia Public Schools. This requires considerable planning and a great responsibility on the Senior class, who is given this task. Surely the experiences received here by the Staff will be very valuable in the future.

I encourage the Seniors to continue their formal education after graduation if at all possible. If formal education is not possible, I urge you to take advantage of every opportunity to gain as much knowledge as possible. I wish the Seniors every success after graduation and hope that all other students will be back next year continuing their education.

The memory of this past year will often roll through your minds like a song. Its gay tune was formed from your laughter, joy, and friendliness. Its high notes were expressed through your scholarship, service, leadership, and character. In this year many problems were encountered, and in discovering more openly your role as an individual, you reached your first pinnacle of success. We invite you to listen to the music again by glancing through the pages of this yearbook. Here you will find your teachers, friends, classmates, and your school.

MRS. ETNA THURMAN
Elementary Principal

MR. KENNETH E. HEALLEN
High School Principal

Growth is the key to success. The pattern that this growth follows is very important. To grow mentally a student must start early in his school career to make each day count toward a forward step on the ladder of life. Each year is so important. For this reason each student should establish good study habits in order to complete as he or she should. For if you fail to complete your work one year, the next year is hard for you. You are behind where you should be. This forces you and your teacher to do extra work. So start in the first grade and give the first step on the ladder a good foundation. Then complete a step each year. As a result of such a foundation, you will be able to show a mental growth of which you can be justly proud.

Best wishes to the Senior Class of '65. Since you were my home room the first year I taught at LaVernia I feel I know each of you personally. It has been a great privilege to be one of your teachers in the past. It will be a privilege to be your friend in the future.
